MG3000 - Instruments

IS0321
Rev. E ecn 10101 04/2015
Your MG3000 Instrument Package comes equipped with factory recommended settings and displays. Basic Initialization is necessary for the system to perform properly, please reference the Owner's Manual for additional information. You can download the Owner's Manual at;

www.FariaBeede.com/manuals

Note: Some functions may not be present in your version of the MG3000 program. Engine and Boat manufactures have the ability to customize the program to fit their build requirements. If you are looking for a feature listed in the Appendix and your MG does not show the function required please consult your Engine and Boat manufacturer's User manual.

Silence Alarms

To silence an alarm, press the **MODE** button on the tachometer. For additional information and a possible solution, reference your User's manual. If multiple alarms are present the display will automatically scroll through the current alarm(s) messages. Alarm messages will be stored internally for later troubleshooting if required. All current alarms will be shown while in Normal Mode by scrolling.

Menu Operations

Scrolling - Normal Operating Mode

▼ ▲	The "Up" or "Down" buttons will scroll through active displays.

Making a Selection

MODE	Press the "MODE" button for longer than one second to make a selection.

MODE	Press the "MODE" button for longer than one second to make a selection.
▼ ▲	The "Up" or "Down" button will scroll through the available options to SOFTWARE.
MODE	Press the "MODE" button for longer than one second to make a selection.

Notes:

1. **Poor battery condition could result in gauges performing self test unexpectedly.**

2. Some discoloration of the display may occur if the gauge is left in direct sunlight for a prolonged period. Adjusting the contrast will improve visibility.

3. Certain polarized sunglasses will cause the display to become in illegible.

4. Use only soap and water when cleaning your MG3000 instruments. Certain chemical cleaners will damage the fog-resistant lens on your instruments.
